

Step Down from hospital accommodation

www.curo-group.co.uk/stepdown

Curo's Step Down from hospital accommodation is designed to offer a home from home for patients in Bath & North East Somerset who are ready to leave hospital but are unable to return home.

Curo has six self-contained Step Down properties throughout Bath & North East Somerset, all furnished to a high standard. The accommodation is fully funded to stay in for up to 12 weeks, with a person-centred care and support package.

Our Step Down Practitioner also offers practical and emotional support, tailored to each individual.

Step Down offers...

- Fully furnished properties ready to move in to.
- A home-like environment - partners can stay and families and friends can visit any time.
- A tailored care and support package, privacy and a quiet environment to aid rest and recovery.
- 24-hour personal response service via our community alarm system.
- Fully adapted bathroom, equipped kitchen, bedding and towels, and a TV.
- All bills included, apart from food (residents will need to buy their own).
- Support to look at alternative options if existing home is not suitable to return to.

Who is Step Down for?

Our accommodation is suitable for:

- People who are recovering in hospital and are medically fit for discharge but, for whatever reason, are unable to return home at this point.
- People with physical or emotional conditions that mean they need time to adjust to living independently again - with the level of care and support that they need to maintain independence.
- People who are waiting for a care package assessment to see if they could manage at home.
- People who are recovering from a fracture or an operation.

The service can help anyone who meets this criteria, who is aged over 18 and lives in or has a GP in Bath & North East Somerset.

We also consider people who would be at risk of hospital admission following a fall or ongoing health conditions.
