CURO  
COMMUNITY  
AWARDS  
2024

# Finalists

Community  
hero of the year

# Finalists

## Zoe Cornick (Writhlington pantry)

Zoe was a big driving force in setting up the food pantry here. It's a great community resource and well used. Families in difficulty have been able to get a meal, all because of Zoe's hard work. The community would be a much poorer place without her. You are brilliant, Zoe.

- Stacey Cornick

## Andreij Uznanski

Andreij is always first to step forward to help in the community. He does this with a smile, whether while cooking at the neighbourhood BBQ, painting the bike store, fitting fences or fixing his neighbours' lighting.

- Ian Carter

## Len Griffin

Len is so helpful, his cheerfulness is brilliant. He really deserves to get recognised for all he does to help. He's a special person and he deserves to be awarded this honour.

- Felicite Wright

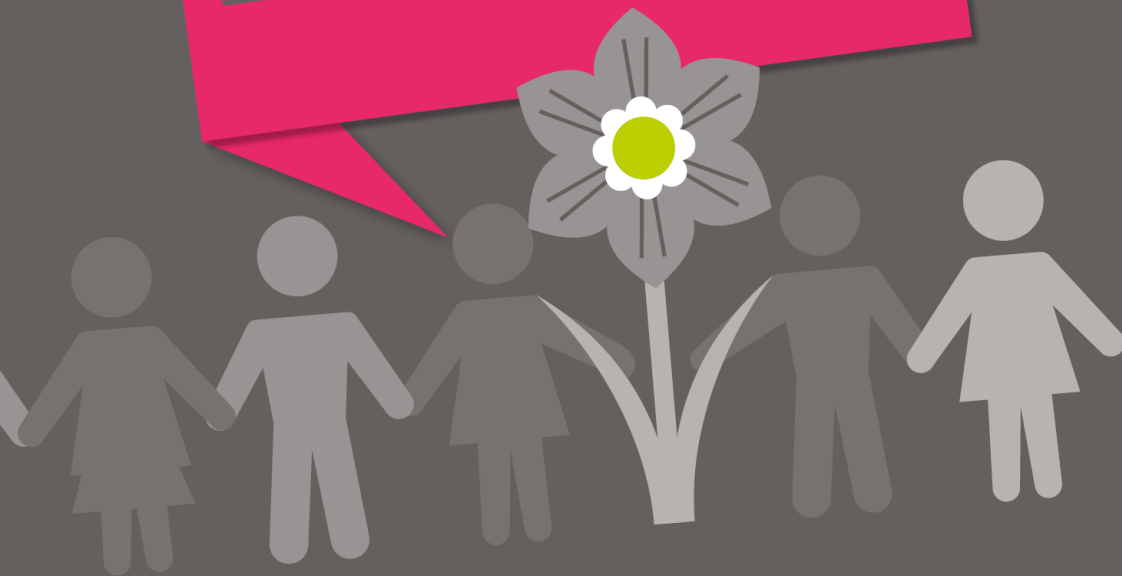

Community hero  
of the year

of the year

# Winner - Toynbee Road & Samuel Barnett Close

When I first moved into Toynbee Road in 2018, the community felt disconnected - but we steadily started to make connections in our little cul-de-sac.

We now have a WhatsApp group of 46 residents and have held events, including a celebration for the Queen's Jubilee. We have been supported in this by Curo.

The thing that has felt the most amazing, is that we are different people of different heritages, but we have all come together to look after each other as a community. I have never felt this sense of belonging and community before and I know it is good for our health and wellbeing. We are social animals and need to live in a community with each other.

Curo have given us autonomy and space to grow a strong sense of belonging. They have been the 'glue' for us - particularly the Resident Engagement Team.
